Environmental Management General Policy Statement

RC Eng Co Ltd is committed throughout the business activity and manufacturing capacity to respect the environment and make responsible use of available natural & recyclable resources.

This will be achieved by working towards the standards and principals of all ISO14001 procedures by the management team.

In particular, it is the policy of RC Eng Co Ltd to comply with appropriate legislation and regulations, monitor performance and strive for continuous improvement in reduction of pollution through:-

Reduction of all waste

Reduction in Noise

Increase use of internal and external recycling

Efficient use of energy

Reduced risks to our employees, neighbours and the local environment

Provide ongoing training for employees & learners where necessary

The Board of Directors has specific responsibility for ensuring that the Company and its partners shall operate in accordance with standards set in the Environmental Management System.

RC Eng Co Ltd will endeavour to comply with the law and any guidance that may be issues by the Environmental Standards Agency to ensure the wealth of the individual and the community.
